INN-O-SPARK

As the new year begins, the **INNOVATOR CLUB** embarked on it by its first event the **INN-O-SPARK**. Organized on **28th and 29th of October 2021**. It was a **state-level event**.

It consisted of **three events** in total which include:

1) Quiz:
   a) General Quiz
   b) Technical quiz

2) Workshop on C language.

Starting the **Quiz section**, had **2 parts** the first one is General Quiz and Technical Quiz. The General Quiz was organized on **28th October** and Technical Quiz was organized on **29th October** from **11 a.m. to 2 p.m**. We had an overwhelming response of **458 students**. The Quiz took place on the **Quizizz platform**.

The technical Quiz was **coordinated by Joyal Shah** and his team. The same procedure and methods were followed for each round.
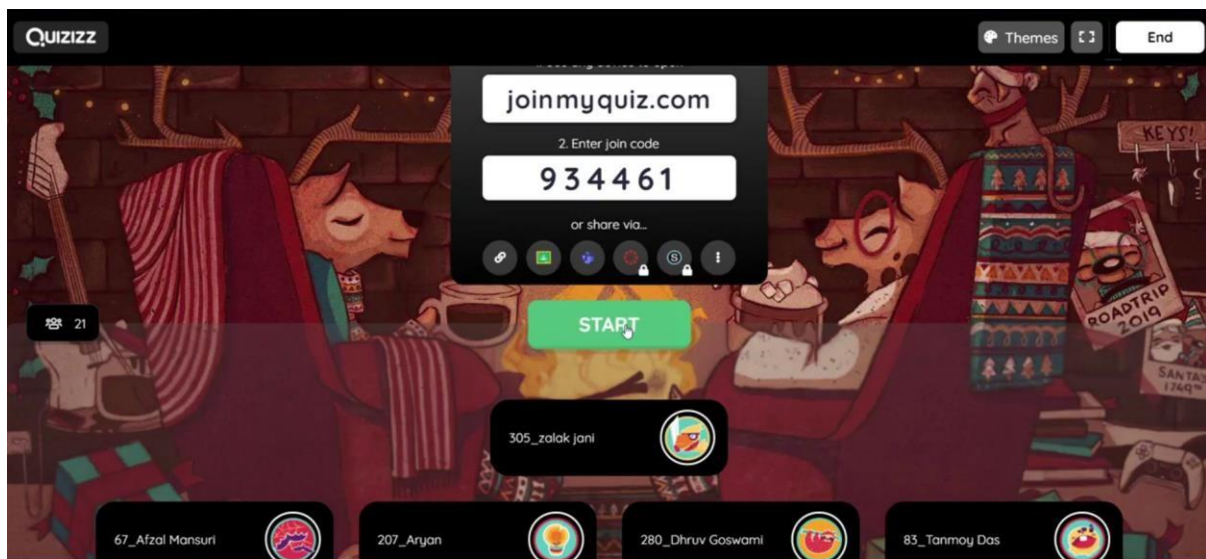

The **questions** asked were related to the more on the current affairs, innovations and discoveries happening, some about our past scientists and their discoveries as well.

The winners for the General quiz were:

1) **Akshat Kotadia.**
2) **Aakansha.**
3) **Neha Sewani.**

Moving on to **General Quiz**, it was **coordinated by Anas** and the support of his team made sure that the event was interesting and fun for all the participants.

The **participants** were **divided into 5 slots** of each consisting of around **75 students**.

For **round 1**, 30 questions were asked of all the participants and 30 seconds were given for each question.

For **round 2**, the **top 15 participants** were chosen **from each slot**.

They were asked 30 questions for round 2 as well.

For **round 3**, the final round of the Quiz total of **20 participants** was selected. 15 questions were asked.

The **questions** were majorly **focused on** Engineering instruments, devices, and gadgets and also on **various Engineering terms**.

The winners of the Technical Quiz were:

1) **Afzal Manusari.**
2) **Mann.**
3) **Moksh.**

As it was a **state-level event** many students from different colleges got chances to **showcase their skills** and interact with people sharing the same goal and ideas in their minds. The response from the participants made us happy that we are doing something great that is helping others to grow.
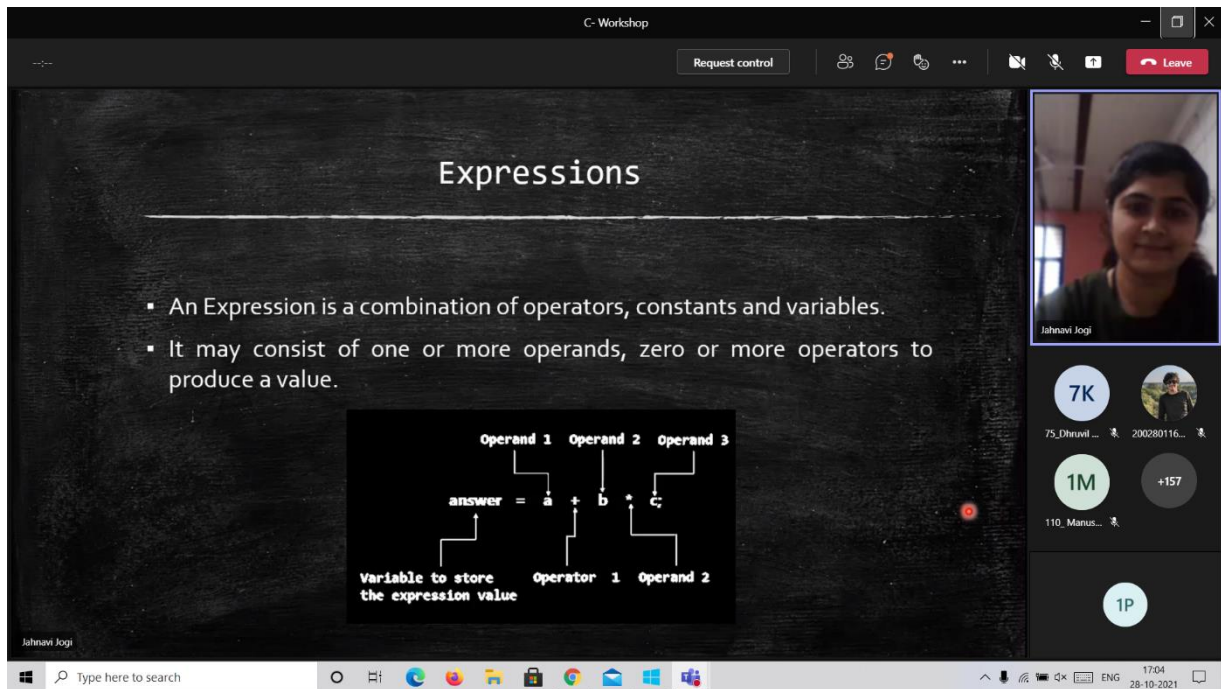

Moving forward with the event we come upon the **2-Day Workshop on C-language** that we organized majorly focusing on the first-year students. To help them have the knowledge about the programming languages and help them build their **problem-solving skills**. A total of **236 students** had taken part in the workshop.

The **coordinator** for this event was **Poojan Soni** and his team.

Jahnavi Jogi and **Shalin Shah** were the **speakers** who conducted the workshop.

It was a 2-day workshop held on **28th October and 29th October**.

The topics covered in the workshop are as follow:

Our very talented speakers **explained** all the topics from very **basic and scratch to advanced level** and in really easy and understandable language.

The feedback from all the participants motivated us all to do more things in the future and push beyond our limits.

With this note and all the amazing experiences in mind, the event came to an end.
