- Team Leader:** **Bhautik Bharadva** (4th Year Computer Student)
- Team Name:** TaskForce
- Problem Statement:** Centralized tourism portal For north eastern states.
- Challenge Tag:** #NER2 (DONER)

Overview of Smart India Hackathon-2017

Our Hon'ble Prime Minister, Shri Narendra Modi, envisages a Digital India to bridge the digital divide in our country and further promote digital literacy in order to make development a comprehensive mass movement and put governance within everyone's reach in India.

In order to work towards our PM's vision, Ministry of HRD, All India Council for Technical Education (AICTE) proposed the Smart India Hackathon 2017, a unique initiative to identify new and disruptive digital technology innovations for solving the challenges faced by our country.

This initiative aimed to institutionalize a model for harnessing the creativity and technical expertise of 3.0 + million students for direct benefit of our nation.

Smart India Hackathon 2017 was a computer programming competition which involved all Engineering colleges with a reach to approximately 30 Lakh students from across India. It was a plan to challenge the students to think out-of-the-box and offer innovative ideas to built smart applications which will help address major real time problems in our country.

Twenty-nine Departments of Government of India participated in this event. Each Department had identified few problem statements to which students were expected to provide innovative, sustainable digital solutions. This was the first effort by Government of India to involve young students in proposing solutions for problems faced by Departments in day-to-day functioning. This led the students to think out of box and provide innovative, disruptive and sustainable solutions, which could be pursued after the Hackathon for further refining of solutions.

The Students of **3rd year Computer Engineering** had participated in this event. Our team (Task Force) got selected for the **Grand Finale of “Smart India Hackathon-2017”**, which was scheduled on 1st - 2nd April, 2017 at Guwahati, Assam.

Following members got certificate of appreciation in the Grand Finale of “Smart India Hackathon-2017” event which was scheduled on 1st - 2nd April-2017,Guwahati, Assam.

	Enrollment No.	Name	Team
Team Leader	140280107005	Bhautik Bharadva	TaskForce
Team Member 1	140280107040	Tejal Kukadiya	
Team Member 2	140280107064	Bhavi Patel	
Team Member 3	140280107109	Hetal Vadukul	
Team Member 4	140280107010	Rajan Chavda	
Team Member 5	140280107	Yugant Hadiyal	

Problem Statement:

Centralized tourism portal for North eastern states.

Idea/Solution and Prototype:

The basic solution was to create a Centralize portal that can provide all in one facility which includes Tourism with necessary things like transportation, food, Shelter and tourism guide.

Glimpses of the Event:

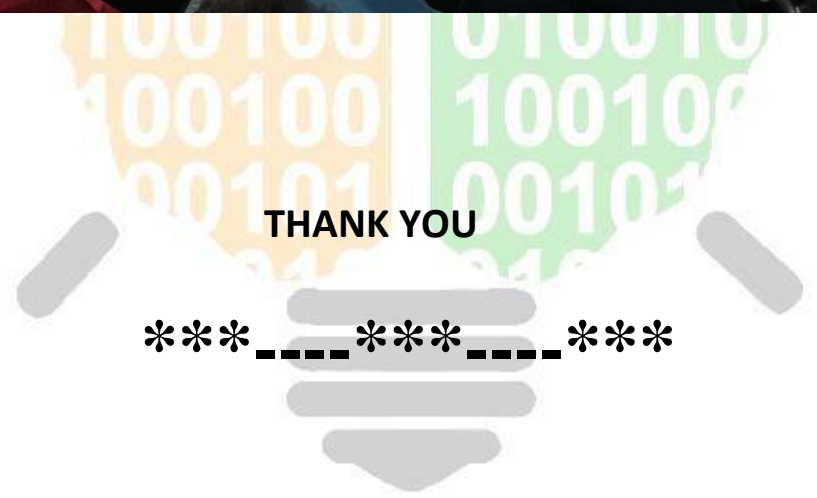

010000 001000

THANK YOU
