

AWARENESS WORKSHOP ON THE USAGE OF VIRTUAL LAB

Date of Workshop: 28/05/2018

Department: Electronics and Communication.

Co-ordinator: Prof. Madhusmita C. Sahoo

Type of Workshop: In-house.-Outreach workshop

No of Beneficiaries: 26

No of males: 14

No of females: 12

Description: The Vlabs workshop was conducted for the first time in EC Department of the institute. The virtual lab designed with contents and animations for different discipline by IIT, Bombay was presented to the participants of the workshop. The awareness about the features and the utility of this lab for different set of practicals in the proposed labs of Electronics and communication was created. To site an example one practical in Basic Electronics i.e. V-I characteristics of Diode was shown including the manual for the set-up. So the participants were motivated to design own practicals. Feedback was taken.
