

CREATIVE ARTS

One of the components of induction program for the first year student was Creative Arts. The aim to introduce creative arts was to enhance creative side of the students and allow for creative expression. Under this component, we have done the activities like writing poem on given theme, Drawing, singing. We also conducted one session on 'best out of waste', where students have made art pieces from waste material. We had also organized session to enhance their logic and aptitude. Below are some of the photos of students showing their model created from waste material.
