Information Technology Department  
A Report of an EDC Session

An expert session conducted on Start Up and its Important - by Entrepreneurship Development Cell, Information Technology Department, LDCE on 30<sup>th</sup> September 2019.

The session was conducted by Mr. Ujjvalsinh Bihola, who has a startup called "ManticLabs. Visioned by a group of like-minded thinkers, ManticLabs was founded to reshape the whole Web Hosting and Digital Marketing Industry.

Mr. Ujjvalsinh Bihola started "ManticHost" in the year 2015, which is now incorporated as ManticLabs Web Solutions Private Limited.

He shared his start up journey from initial stage to current situation with the 2nd year students and explained about start-up environment in India.

Around 50 students have taken an advantage of this session. Session was very interactive, students got the basic knowledge about startup and also inspired about it.
