

INNOVATOR CLUB

LD COLLEGE OF ENGINEERING

ORIENTATION 2019

The commencement of the new session demanded a lot of introductions especially to the freshers of the college; therefore, an orientation session was organized on **13th August of 2019** at **Vishwakarma hall**, LD. College of Engineering to educate the freshers about the club. The event was organized by the **Innovator Club** and the hosts were **Ms. Shreya Parmar** and **Ms. Jhanvi Jogi**.

The main objective of this orientation was to create awareness among the students of the first year about the club.

The presentation included about club's initiatives including the events it had organized, the various achievements and other prospects of the club. There were around **100 students** who were present in the orientation of the club.

The club invited respected **Mr. Sanjay Shah** ,HOD Computer Department as the chief guest of the Session.The purpose of this event was to introduce everyone to the club and make them familiar about various activities conducted by the club.

Mr. Sanjay gave an amazing activity to everyone. The activity was about suggesting **innovative idea** about a **problem statement**. Instantly there were created so many groups that shows that all the people have amazing team building skill and the session was very interactive. Guest of this event had received so many amazing responses from students and there was one best solution which provided by the team of girls. **Poonam Patel, Janvi thakkar, Nikita Tulsani, Rukaiya Memon, Janvi Ramoliya, Renisha Bhuva, Disha Malaviya, Sanskruti Panchal** was the **Winning team** of the event.

The session came out to be very interactive because everyone showed interest in the activities of the club. This session was all about the activities and opportunities which Innovator club provides and about the upcoming opportunities that freshers can be a part of . The club mainly focuses in raising new questions, new possibilities, to regard old problems from a new angle with innovate thinking.
