INNOVATHON

The **Innovator Club** of **LDCE** organized a three day coding event known as **Innovathon**. It was held from **8 February 2019** to **10 February 2019**. It was **a 36 hour code camp** and also one of the most massive events held at premises of LD college.

There were approximately **25 teams** that participated in this event and each team comprised of at least 3 students .There was an ambience of technology all over the campus .

Coding was not an easy task . But the people in that event were quite passionate about it . There brailliant coding skills and there team working skills bought life to the event.

Some of the **problem statements** were :

1.) Hardware to increase efficiency of 5V low power systems

2.)Public forum to share stories of the specially-abled

3.)Online Placement Portal

4.)Detection of phishing and fraud site

Since it was a 3 day coding event all arrangements for students were made . All the dining facilities were provied at H-Block Of LDCE. The rooms were provided to the respected teams for their night stay . Of course it was a unforgettable event for the participants .

On **10 February 2019** the event got their winners . They were best from the best . The winning teams got rewarded by the club . The club certified them and encouraged their winning.

Since winning or losing was a part of event but the most important thing the participants experienced was how to became a problem solver . Also this event ignited the urge of innovation in them . After the event it was not the price that all they wanted,it was the memories and an amazing experience which they will remember throughout their life . And with lots of joy , tech and fun this amazing event came to an end . The witnesses of that event never gonna forget that event.

The Club shall arrange more events like this to encourage students and to upgrade their skills .
