

REPORT ON AWARENESS

PROGRAM ON

“E-WASTE RECYCLING”

DATE: 6th September, 2022

Time: 3:30 to 5:30 PM

Venue: Room no. 211, EED.

Expert: Shri. Hardik Shah

This informative session was taken by Shri. Hardik Shah sir who is the founder of Recycle Green. Session was initiated with the great welcome of the team Recycle Green. After that our professor Dr. Kunal Bhatt sir greeted our Expert and gave a brief about this session to all the students.

After that the session was started, we were introduced with the topic called 'E-waste Recycling'. Our expert shared with us the brief overview about the E-waste generation based on global level as well as based on our country. He also proved us that E-waste

is not actually the waste, it contains very worthwhile materials. Which we can recover and reuse it again. He also gives us how the E-waste negatively affects the human life and nature.

His team motivate us about the E-waste generation and E-waste management. Shah sir also realised us how its important to be aware about the E-waste recycling. He also forced us to motivate the others for the same.

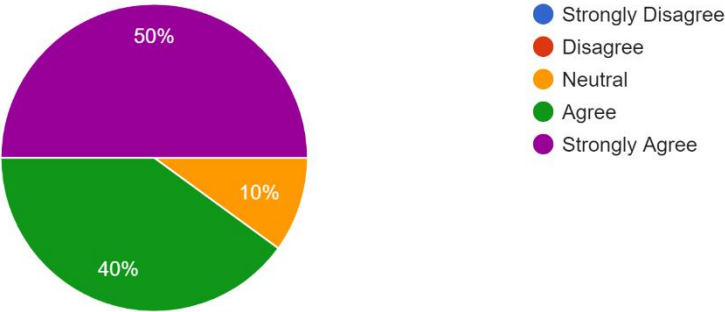

Overall, it was very useful session for us, which gave us the huge knowledge about the E-waste recycling and E-waste management.

Feedback Analysis:

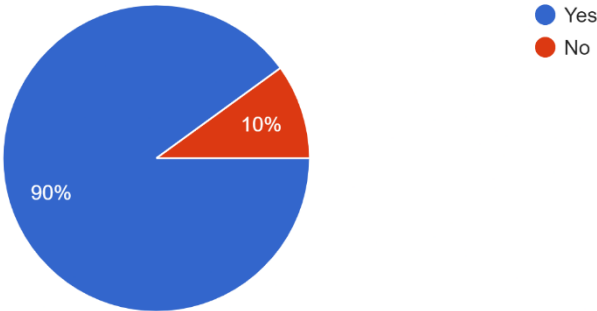

The seminar was structured and well organized

10 responses

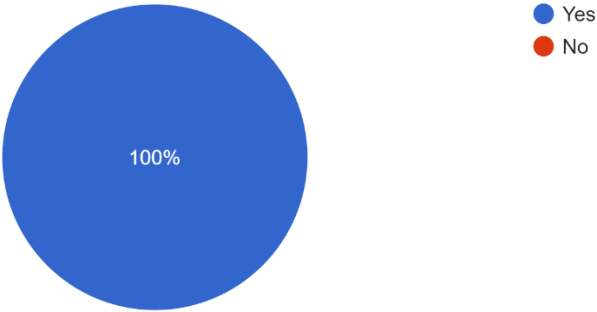

Was adequate time provided for questions and discussion?
