

SAHYOG 2023

On 16th September, 2023 an event named “SAHYOG” was arranged by Instrumentation and Control Engineering department of L. D. College of Engineering to celebrate Engineer's Day by inviting distinguished Industrialists and Research scientists from Industries like L&T, Samyank Instruments and Research Centres like IPR etc.

SAHYOG was a great attempt to provide valuable knowledge to all students of IC batch, All students got sufficient and important knowledge regarding their desired field. So that all students can upgrade their self in that section.

The event commenced with Prayer and the formal introduction of both the esteemed faculty members and the distinguished industrialists. Following this, Dr. Manish Thakkar, the Head of the Department, delivered a comprehensive presentation on SAHYOG, which encompassed an introduction to the department and articulated the shared growth objectives. Subsequently, our esteemed Principal, Major (Dr) Chaitanya Sanghvi, delivered a motivational address, inspiring and encouraging all the students present to actively participate and engage in the collaborative endeavour.

After that our Principal Dr. Chaitanya Sanghvi, the head of Department of IC Dr. Manish Thakkar and our respected Faculty members of the Department felicitated all distinguished Industrialists and Research Scientists over present in the event with saplings.

Following Dignitaries were present in this Event:

Sr No.	Name of Dignitary	Post	Organization
1.	Mr. Bhavesh Desai	Director	Themis Automation
2.	Mr. Rushik Shah	Director	AlakMalak Tech.
3.	Ms. Sara Varghese	Manager	L & T
4.	Dr. Suryakant Gupta	Scientific Officer	IPR
5.	Mr. Devang Vaghela	CTO	Connsure Solution Pvt Ltd
6.	Mr. Jayesh Gandhi	Managing Director	Harikrupa Automation
7.	Mr. Gopesh Sanghvi	Director	Samyank Instruments
8.	Mr. Anirudh Surekha	Director	Riveredge Analytics Pvt Ltd

All industrialists graciously contributed to our event by sharing their extensive industry expertise, as well as their formative experiences during their college or learning years.

Their willingness to openly discuss a wide array of topics proved immensely beneficial to the students of the IC department, fostering a robust and effective channel of communication between them

and the industrialists. Furthermore, the industrialists generously addressed all inquiries posed by the students, further enriching the educational experience of the attendees.

In conclusion, the event featuring the industrialists was a truly enriching experience for all involved. Their valuable insights and the bridging of communication between students and professionals left an indelible mark.

A heartfelt thank you to all the industrialists for their invaluable contributions and to our dedicated faculty members, Principal Dr. Chaitanya Sanghvi, and the enthusiastic students for making this event a grand success. Your presence and engagement were instrumental in making this event memorable. We look forward to continued collaboration and growth together.
