

Expert Lecture on “Basics of Surface Characterization”

Dr Charulata Dube, (from CUG-Gandhinagar), has delivered an online lecture on “Basics of Surface Characterization” on 24th October 2024. Around 60 students of the 3rd semester were present in the online session. Overall coordination was done by Dr Anjali Bishnoi and Dr Sandip Bhatt.

During the talk, Dr Dube discussed about various fundamentals of Surface characterization with the help of SEM, TEM, XRD etc. Surface characterization was well explained by her. Applications of instruments were elaborated in detail and importance of the same was also part of the talk. The session was very interactive and informative. Students raised their queries and all were satisfied by the speaker.

Letter of Thanks

On behalf of Department of Chemical Engineering, L. D. College of Engineering, it is my pleasure to convey our hearty thanks to **Dr. Charu Lata Dube** for delivering lecture on “**Basics of surface characterization**” held on **24th Oct, 2024**.

It was really an impressive presentation which exposed students to the characterization practices. All the students and faculty member appreciated it and will certainly be benefited from your views on the subject. Looking forward for your cooperation in future as well.

Yours Sincerely,

Dr Paresh H Rana

Professor & Head
