

Report on Expert Lecture "Opportunity for Studying in the USA"

Date: 05/08/2025

An expert lecture on "Opportunity for Studying in the USA" was organised by the Chemical Engineering Department at L.D. College of Engineering, Ahmedabad. The event was coordinated by Dr. Ashish Baldania. Held on August 5, 2025, at 3:15 PM, the session was specifically tailored for the final-year students of the Chemical Engineering Department, providing them with comprehensive insights into higher education opportunities in the United States.

About the Indo American Education Society (IAES) Organization

The session was conducted in collaboration with the Indo American Education Society (IAES), a non-profit organization and an official U.S. Education advising center in Gujarat. IAES is dedicated to providing accurate, comprehensive, and current information on educational opportunities in the USA. Driven by the principles of Aspiration, Belief, and Connection, IAES actively promotes U.S. Higher Education and supports students in their academic journey. The society is also the official test center authorised by Collegeboard for TOEFL, GRE, and SAT tests, along with Pearson VUE authorized Test Center.

About the Expert

The lecture was delivered by Mr. Jaydeep Buch, Student Advisor at IAES. Mr. Buch is an experienced education advisor with in-depth knowledge of U.S. higher education systems, university application processes, and scholarship opportunities. His expertise lies in guiding students through each step of the process – from researching universities to securing student visas.

Lecture Overview and Key Topics

The lecture titled "Opportunity for Studying in the USA – Your 5 Steps to Study in the USA" provided a step-by-step approach to pursuing higher education in the United States. Mr. Buch outlined the following five critical steps:

1. Research Your Options – Defining priorities, understanding U.S. degrees, and shortlisting universities.

2. Finance Your Studies – Developing a budget, exploring scholarships, CPT, and OPT opportunities.
3. Complete Your Application – Managing timelines, preparing application documents, writing SOPs and essays.
4. Apply for Your Student Visa – Understanding visa forms, application process, and interview preparation.
5. Additional Guidance – Tailored sessions on scholarships, graduate programs, and application document completion.

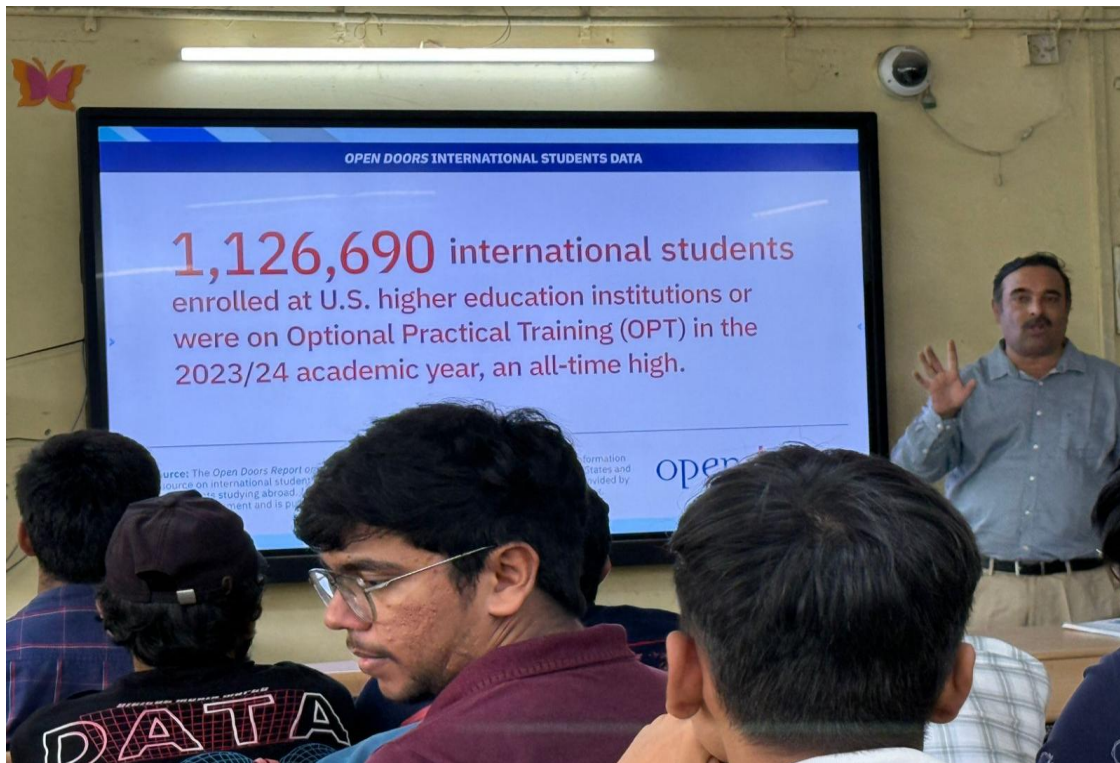

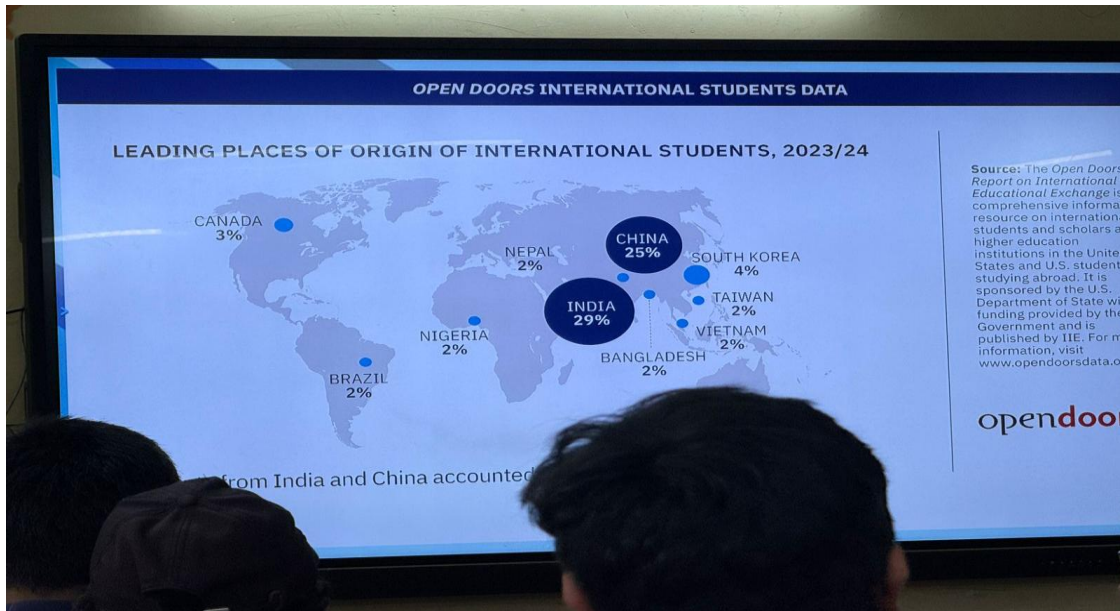

Relevance and Career Insights

This expert session was highly relevant for students aspiring to pursue their education abroad. It offered them practical guidance on navigating the complex U.S. application process, financing education, and preparing for cultural transitions. By sharing real-life success stories and actionable tips, Mr. Buch inspired students to plan their higher education journey strategically.

The Chemical Engineering Department extends its sincere gratitude to the Indo American Education Society and Mr. Jaydeep Buch for delivering this informative and engaging session. Special thanks to Ms. Vaishali Sharma, Outreach Coordinator, IAES, for her support and coordination in making this event possible.
