VISION

- To contribute for sustainable development of nation through achieving excellence in technical education and research while facilitating transformation of students into responsible citizens and competent professionals.

MISSION

- To impart affordable and quality education in order to meet the needs of industries and achieve excellence in teaching-learning process.
- To create a conducive research ambience that drives innovation and nurtures research-oriented scholars and outstanding professionals.
- To collaborate with other academic & research institutes as well as industries in order to strengthen education and multidisciplinary research.
- To promote equitable and harmonious growth of students, academicians, staff, society and industries, thereby becoming a center of excellence in technical education.
- To practice and encourage high standards of professional ethics, transparency and accountability. began with a warm prayer continued with a special video message from Principal Dr. Rajul Gajjar ma'am and a documentary of LDCE campus

Principal's Message

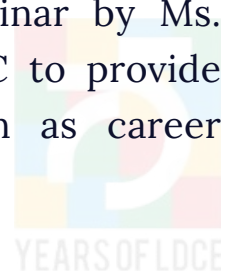

Dear Students and Faculty members

Welcome to the latest edition of the college newsletter! It's an honor to serve as Principal of such a wonderful college and I'm delighted to have an opportunity to share my thoughts with you.

As we see the arrival of the Freshers, I'm excited to see the enthusiasm and energy that they will bring to our college. We all want our students to succeed, and achieve great heights. We have many examples of Alumni of the institute who have proved their metal. On 15th July 2023, Chandrayaan was launched and Shri N M Desai, LDCE Alumnus(1985 batch) was on the core team. Such a proud moment for all of us! Another proud moment was the appointment of Dr. Rajul Gajjar, former Principal and Alumnus, as the first woman Vice Chancellor of GTU on 3rd August 2023.

The college offers a range of services, programs and activities designed to facilitate student success. A Career Awareness seminar by Ms. Shachi Patel from the USA was organised by WDC, ICC to provide guidance and support to the students in areas such as career exploration, and financial planning.

Independence Day was celebrated on 15th August 2023 with enthusiasm by organising a rally, flag hoisting, and other events in the presence of Dr. Prashant Bhimani (Senior Consultant Psychologist) as the Chief Guest.

Other events like Orientation for the new students, blood donation camp, and thalassaemia testing for first year students were organised keeping in view the comfort and health of the students.

We understand that each of our students is unique, and we value the individual talents and contributions that each student brings to our college. We strive to provide a supportive and respectful environment and to ensure that each student feels safe, respected and valued.

I wish all of our students the best of luck!

Sincerely,

Major Dr. C. S. Sanghvi

30th September 2023
