

Expert Lecture- Report

Title: Career Building for Chemical Engineering Students

Date: 04-08-2018

Prof Manan Shah, Assistant Professor, Pandit Dindayal Petroleum University, had delivered an expert lecture on “Career building for Chemical Engineering students”. The lecture was arranged for the students of the department to have insight about their career.

Prof Manan Shah talked about the various career options for the students and how they can improve themselves during the college-life. He also suggested few emerging trends where chemical engineers can build their career. He encouraged students to participate in various technical and non technical events for their overall development. He also advised students to refer and write technical papers during graduation period itself. He also shared important information like sources to get papers, useful websites, basics to write papers etc.
