

INDUSTRIAL VISIT

B.E. Semester III, Chemical

Name of Industry: The Green Environment Services Co-op. Soc. Ltd., Plot No. : 244-251, Phase : II, GIDC Estate, Vatva, Ahmedabad, Gujarat 382445.

Date: 19th March 2018

An industrial visit was organized for pre final year students at The Green Environment Services Co-op. Soc. Ltd, a common effluent treatment plant (CETP) at Vatva on 19th March 2018. The CETP collects wastewater from various types of chemical industries located in GIDC-Vatva and treat them and dispose the treated effluent as per GPCB guidelines. Around 36 students of 6th semester of Chemical branch were exposed to the various phases of wastewater treatment like primary, secondary and tertiary treatment processes. Overall, the CETP benefited the students providing them practical exposure in the field of waste water treatment. Prof. R. P. Bhatt, Prof. T. S. Rajaraman and Prof. R. K. Kanzariya coordinated the visit.
