

INDUSTRIAL VISIT

B.E. Semester V, Chemical

Name of Industry: Deverson Industries Pvt. Ltd., GIDC - Odhav, Ahmedabad, Gujarat 382415.

Date: 11th July 2019

An industrial visit was organized for Vth semester students at Deverson Industries Pvt. Ltd., GIDC - Odhav, Ahmedabad, Gujarat on 11th July 2019. The industry is a manufacturer of various types of dyes and dyes intermediates which is used in textile and other industries. Around 30 students were exposed to the assortment of dyes with different chemistries to suit highly evolved applications. The unit had various types of reactors and other equipments like filter press, spray drier, rotary drier, furnace, ice plant etc. They have installed a RO system for tertiary treatment of their effluent whose operation was explained in detail. Overall, the industry benefited the students providing them practical exposure in the field of dyes manufacturing. Prof. S. M. Dutta and Prof. R. P. Bhatt along with Harsh Panchal of M.E. final year coordinated the visit.
