

Orientation Program IC Engg. 2020

As the corona pandemic was ongoing and considering the Covid-19 guidelines this time the Orientation Program 2020 was arranged online for welcoming the batch of 2020 in the Undergraduate Program of the Department of Instrumentation and Control Engineering. The whole program was arranged on the **Microsoft Teams** platform. The program started with a warm welcome speech and greeting message for the Fresher's, followed by the prayer. Then our respected principal, **Dr. R.K. Gajjar** welcomed the students and shared the history of L.D College of Engineering along with that mam give a brief idea about the various ongoing activities and achievements of college through a video message. The head of the department **Prof(Dr.) Manish Thakkar** welcomed the students, addressing them with a motivational speech. Sir advised the students to be dedicated, committed, and focused on academics, along with that sir gave a great message that to learn something new each day. **Prof. Umang Shah** had given a brief idea about the sectors in which Instrumentation and Control Engineering is useful and the future possibilities after being IC Engineer. As an alumni, **Mr. Jagir Patel** from Prima Automation welcomed all the fresher's and gave an idea about the Industrial 4.0 and the possibilities of How IC engineers playing an important role in it.

The student anchor, Khyati Bhatt (5th sem), Tapan Chavda (5th sem), and Varun Kapoor (3rd sem) briefed the fresher's with the college and the department through the presentation. In the college presentation, they explained many things about the college like its history, rules and regulation, various clubs, facilities in the college, committees, and achievements of the college. In the department presentation, they gave a brief idea about Instrumentation and Control Engineering followed by the Introduction of the faculties, facilities of various laboratories in the department, various departmental activities, and achievements.

Before moving towards the ending note there was a Felicitation Ceremony where the students with their great achievements in their respected category where felicitated with the certificate.

Category were such as

- International level achievement
- National level achievements
- Top 3 ranker from all the 4 years
- Achievement in Gate Examination

The session ended with a departmental video followed by a Q & A session.

Overall feedback of the orientation was very good. The students get to know about the college and also their department and they really enjoyed the orientation.
