**for**  
**Newly Admitted Students in the Electrical Engineering Department**

**Date:** June 27, 2024

**Venue:** Room No. 211, Electrical Engineering Department, L. D. College of Engineering,  
Ahmedabad

The Electrical Engineering Department of L. D. College of Engineering, Ahmedabad, organized orientation program for newly admitted students of the B.E. Semester-I on June 27, 2024. This event aimed to familiarize the new students with the college's environment, facilities, faculty, and overall academic culture, thereby easing their transition into the college life.

The program commenced with registration, coordinated by dedicated student volunteers. Following registration, the program officially began with a prayer and an introductory speech by a student anchor. This segment aimed to create a serene and welcoming atmosphere for the new entrants.

A central presentation was held, providing an overview of the college's facilities, achievements, and opportunities. It highlighted the key aspects of the college, including academic programs, extracurricular opportunities, research initiatives, and student support services. This session was crucial in providing a holistic view of the institution's offerings.

The Head of the Electrical Engineering Department, Dr. Jyoti Iyer and other senior faculty members of the department, addressed the students, sharing motivational insights and outlining the department's vision and expectations. The faculty members were also introduced, allowing students to familiarize themselves with their future mentors.

Further, the program continued with a departmental presentation. The session included with a discussion about the support and resources available to students for their holistic development followed by achievements of students and faculty members along with sharing success stories of eminent alumni and LAA, along with an inspirational video, providing valuable insights and motivation to the new students from.

To acquaint the students with the rich legacy of the institution, a documentary on LDCE was also showcased during this program. This documentary included the history, achievements, and facilities of L. D. College of Engineering. This visual presentation provided the students with a deeper understanding of the college's legacy and its role in shaping engineering education in Gujarat.

The orientation concluded with a college tour, giving students a comprehensive understanding of the campus layout and facilities. Student coordinators and volunteers led the students through

various departments, laboratories, libraries, and other essential facilities. This tour was instrumental in helping students get acquainted with their new learning environment. The event was meticulously coordinated by the faculty members, ensuring a seamless experience for all attendees.

The Principal of L. D. College of Engineering, Dr. N.N. Bhuptani also conveyed his best wishes to the new students and emphasized the importance of hard work and dedication in achieving academic excellence.

The orientation was a great success, with active participation from both faculty and students. It provided a comprehensive introduction to the college and helped new students feel welcomed and prepared for their academic journey ahead!!!
